Translation Notes

Sumire's Speech Patterns Throughout the chapter (and possibly the whole story) Sumire changes the way she talks when she's with Yukino to sound more assertive However when she talsk to Nanami she uses polite speech (because he's her "Teacher")

Page 1 The Kanji used for "seat change" means "incident"

Page 7 Hurdling is the act of running and jumping over an obstacle at speed In the sport of athletics, hurdling forms the basis of a number track and field events which are a highly specialized form of obstacle racing
